SUMMARY

Full-Stack Developer experienced in building responsive web apps with React.js and Node.js. Skilled in REST APIs, component-based architecture, and modern JavaScript (ES6+). Currently developing real-world projects while pursuing secondary education.

EDUCATION

Khattab Hamida Al-Azhari Institute,

Egypt, Giza

Secondary School – Grade 11 (2nd Year)

Currently a second-year secondary student at Al-Azhar Institute Khattab Humaida, combining academic studies with developing practical skills in web development and programming.

SKILLS

HTML | CSS | JavaScript (ES6+) | Typescript | React.js | Redux | TailwindCSS |
MaterialUI | Bootstrap | Next.js | Node.js | Express.js | MongoDB | Git & Github

PROJECTS

Digital Marketing Website (Agnéz.site) 🔗, *Next, TailwindCSS*

A modern digital marketing platform designed to showcase and promote marketing services, including branding, social media management, and online advertising solutions. The website focuses on clean UI, responsive design, and user-friendly navigation to enhance client engagement and conversion rates.

Learnify – Learning Management System (LMS), *React, Typescript, redux, MaterialUI, Express, MongoDB.*

A production-ready LMS for structured courses and learning content with an intuitive UI. Focuses on scalable architecture, reusable components, and responsive design.

E-commerce Web Application 🔗, *React, redux, node, mongoDB*

A React.js e-commerce app with product browsing, cart management, and responsive UI. Demonstrates component-based architecture, state handling, and interactive user features.

Restaurant Food Web Application 🔗, *HTML, CSS, Node, MongoDB*

A responsive food and restaurant web app with categorized menu items and interactive UI. Demonstrates frontend skills in layout design, responsiveness, and UI structuring.

Book Store Web Application 🔗, *React, Redux, CSS*

A responsive book store app with dynamic book listing and organized UI. Demonstrates reusable components, state handling, and clean frontend implementation.

Notes Web Application 🔗, *HTML, CSS, JS*

A simple notes app for creating and organizing notes with a clean UI. Demonstrates dynamic content handling, responsive design, and user-friendly interactions.
